

VITTAL ELIXIR

We are VITTAL ELIXIR (OPC) PVT LTD—a modern wellness brand rooted in tradition, dedicated to producing pure, chemical-free health products for global markets.

ABOUT COMPANY

Our flagship innovation, 9x Bamboo Salt, is crafted through an ancient Korean technique involving nine cycles of high-heat roasting in bamboo stalks. This process enriches the salt with more than 70 essential minerals and eliminates impurities, resulting in a powerful alkaline product with detoxifying properties. Founded in 2025, we are a team of passionate wellness advocates, production specialists, and quality controllers united by a commitment to excellence.
